

Remember “The 5 D’s” of Mosquito Control:

Dusk

- Avoid outdoor activity when mosquitoes are most actively feeding and flying.

Dawn

- Avoid the outdoors when “the light is changing in the sky.”

DEET

- Use personal repellents containing this effectively proven ingredient.

Dress

- Cover exposed skin to block mosquitoes’ access to your bodies.
 - Weather permitting, wear long sleeves and long pants when outdoors during peak mosquito hours (from dusk to dawn) and light-colored, loose-fitting clothing.

Drain

- Dump standing water from pails, flowerpot saucers, old tires, toys and other artificial containers.
